## E.7 Mitral regurgitation

## Figure 35: MR volume per 10 ml on cardiac MRI in in asymptomatic moderate or severe chronic organic MR

Footnotes

(1) Number in each group not reported

## Figure 36: MR volume ≤55 ml compared with >55 ml on cardiac MRI in in asymptomatic moderate or severe chronic MR

| MR volume ≤55 ml on CMR | MR volume >55 ml on CMR  | Hazard Ratio      | Hazard Ratio   |  |  |  |
|-------------------------|--------------------------|-------------------|--|--|--|--|
